

Where you go matters

Use programs like Site of Service and save money on lower-cost independent care providers

You wouldn't pay more for a direct flight from Manchester to Orlando when you could get the same quality flight for less at another airline, right? Then why would you pay more for your health care when you don't have to? That's where Anthem's cost-saving programs can help. You can save hundreds of dollars, and sometimes even thousands, when you go to lower-cost independent providers listed in anthem.com's Find a Doctor tool.

² If you need more care as part of the surgery or procedure, you may have to pay coinsurance and/or a deductible (the amount you pay before the plan pays). For example, you may pay more for pathology or lab work if it isn't sent to one of the labs found on Anthem's Find a Doctor tool.
